)	

The United States respectfully submits the attached exhibit list, which includes exhibits that the United States presently intends to introduce in its case-in-chief and the status of exhibits already introduced. This list is intended to be inclusive and is subject to amendment or supplementation as trial preparations progress. In addition, the list contains items, such as Reports of Investigation, that the United States does not intend to introduce in its case-in-chief, but that have been included here with exhibit numbers to reduce confusion should they need to be identified during trial. The government will notify the defense and Court of any changes to this list.
